

Skanska Awarded Contract for New Data and Operations Center

December 21, 2011, Blue Bell, Pa. – Skanska has secured a contract to provide construction management services for a new data and operations center for \$63 million, for a confidential client in Pennsylvania. The order will be included in the bookings for USA Building for the fourth quarter 2011.

The approximately 110,868-square-foot, energy efficient facility will consolidate the state-of-the-art transmission control, distribution control, and data centers into one comprehensive location that will capitalize on the advantage of shared utilities. It will also provide high-level security and accommodate for future growth. An approximately 16,146-square-foot equipment yard is included in the contract.

The project will be completed by the end of December 2012 and is expected to be ready for operation by July 2013.
