Skanska Builds New Public Safety Center in Beaverton, Oregon, USA, for USD 36 M, about SEK 320 M

Skanska has signed a contract with the city of Beaverton, Oregon, USA to build a new Public Safety Center. The contract is worth USD 36 M, about SEK 320 M, which will be included in U.S. order bookings for the fourth quarter 2018.

The 7,000-square-meter, three-story police and emergency management facility will be constructed to be earthquake resistant and include a micro-grid energy management system, photovoltaic system (solar panels), a backup generator, and will be battery ready.

Construction began in August 2018. The project is scheduled for completion in April, 2020.

Skanska is one of the leading construction and development companies in the USA, specializing in building construction, civil infrastructure, public-private partnerships and commercial property developments in select US markets. Skanska USA had sales of SEK 59 billion in 2017 and has approximately 9,500 employees.
