

Industrial Contractors Skanska Wins Construction Contract in Indiana for \$120 Million

February 1, 2012, Evansville, Ind. – Industrial Contractors Skanska has signed a contract worth \$120 million to perform construction services in Indiana. The order will be included in the order bookings for Skanska USA Civil in the first quarter of 2012.

The contract is the first for Industrial Contractors Skanska, a part of Skanska USA Civil acquired on January 1, 2012. The project will provide all general construction services for maintenance and capital projects at a manufacturing facility in Indiana, over the next three years.

Work commenced in January 2012 with anticipated completion in December 2014.

Industrial Contractors Skanska has established a strong reputation in the Midwest as a leading construction contractor and operates three separate business streams: power and energy, commercial and light industrial and heavy industrial. In 2011 the revenues are estimated to be approximately \$480 million.
