Abu Bhargava Joins Skanska as Project Executive in Biotech, Pharmaceutical and Laboratory Construction

ROCKVILLE, Md., September 8, 2008 – Skanska USA Building Inc.

announced today that Anubhav (Abu) Bhargava has joined Skanska as a Project Executive.

Bhargava is a specialist in the construction of laboratories and biotech facilities. He brings to Skanska more than 12 years project management experience in this highly technical area. Bhargava's expertise is rooted in his management of multiple projects including more than \$360 million in construction for Human Genome Sciences in Rockville, Maryland. His construction experience includes local and national clients in biotechnology, pharmaceutical manufacturing and laboratory construction.

Bhargava received a Masters degree in Construction from Arizona State University, Tempe in 2002 with emphasis in the Advanced Technology Sector. He also received his Bachelor of Science degree in Civil Engineering from Regional Engineering College in Kurukshetra, India. He has authored and presented technical papers on "*Labor Resource Model for Construction Projects*" at Association for the Advancement of Cost Engineering (AACE), American Society of Civil Engineers (ASCE) and Institute of Environmental Sciences and Technology (ESTECH).

Bhargava is also a LEED® Accredited Professional and an active member of International Society of Pharmaceutical of Engineering (ISPE) Chesapeake Bay Area Chapter.

Bhargava was previously a Senior Project Manager with Gilbane Building Company.
