Skanska signs contract for new data facility in western USA for \$69 million

Skanska has signed a contract to build a new data facility in western USA worth \$69 million which will be included in the US order bookings for the second quarter 2019.

Work began in June 2019 and is scheduled for completion in February 2020.

Skanska is one of the leading construction and development companies in USA, specialized in building construction, civil infrastructure and developing commercial properties in select U.S. markets. Skanska USA had sales of SEK 67 billion in 2018 and had about 9,000 employees in its operations.
