

## Press Release

October 24, 2011

### **Skanska Awarded Surgical Center Contract in San Antonio**

San Antonio, Texas – Skanska has signed a design/bid/build contract to construct the second phase of the Wilford Hall Ambulatory Surgical Center project at Lackland Air Force Base in San Antonio, Texas. The contract value is \$80 million, which will be included in order bookings for Skanska USA Building in the fourth quarter. The customer is the United States Army Corps of Engineers.

The project includes the addition of a 298,000-square-foot building that will provide medical care to members of the armed services. Construction for the project will begin in November 2011 and is expected to be completed by September 2013.

Skanska USA is one of the largest, most financially sound construction networks in the country serving a broad range of industries including healthcare, education, sports, data centers, government, aviation, transportation, and water/wastewater. Headquartered in New York with 35 offices across the country, Skanska USA employs approximately 7,000 employees committed to sustainable construction and an injury-free workplace. Skanska USA Building, which specializes in building construction, and Skanska USA Civil, which is focused on civil infrastructure, generated \$4.8 billion in revenue in 2010, representing 31 percent of Skanska's global construction revenues. Additional operations in the U.S. include Skanska USA Commercial Development, which pursues commercial development initiatives in select U.S. markets, and Skanska Infrastructure Development Americas, which develops public-private partnerships. Global revenue of parent company Skanska AB, headquartered in Stockholm and listed on the Stockholm Stock Exchange, totaled \$16.9 billion in 2010.
