Skanska renews maintenance contracts for offshore platforms in Brazil for BRL 192 M, about SEK 547 M

Skanska has renewed two contracts to perform maintenance services on offshore platforms for Petrobras in the area of Macae, Brazil. The combined amount of the contracts is BRL 192 million, about SEK 547 million, which will be included in order bookings for Skanska LA in the third quarter of 2014.

The contracts comprise the execution of electrical and mechanical maintenance services on equipment installed in fifteen offshore platforms during a two-year period.

Skanska Latin America is one of the region's leading contractors. Operations focus primarily on operation and maintenance services for the international oil & gas, energy and mining industries. Skanska Latin America has more than 14,000 employees and its 2013 revenues were SEK 8.5 billion.
