Senior Vice President IT leaves Skanska

Skanska announces today that Anders Candell, Senior Vice President IT, is leaving Skanska. Anders leaves on December 1, 2026 to take on new challenges outside of Skanska. A recruitment process will be initiated to appoint a successor.

"I would like to thank Anders for his strong contribution, strategic insight, and the development of our IT function across the Group. His deep expertise in digital and IT has played an important role in strengthening our capabilities as well as developing the business in an ever-changing environment. He has made a valued contribution to the company, and I wish him all the best going forward," says Anders Danielsson, President and CEO of Skanska Group.

"It has been a privilege to be part of Skanska and to contribute to the development of the Group's IT function over the past years. I am proud of what we have achieved together and of the strong team and capabilities we have built. Skanska is a company with deep expertise, strong values and a clear direction, and I look forward to following its continued journey. I am very grateful for the collaboration and support from colleagues across the organization and wish everyone the very best going forward," says Anders Candell, Senior Vice President IT, Skanska Group.
