## **Skanska Hires Mitchell Rishty as New Project Engineer**

**Rockville, Md.** – Skanska USA Building Inc. announced today the hiring of Mitchell Rishty as a Project Engineer in its Operations Division for the Rockville, Maryland office.

Rishty will join the project team overseeing the construction of the new Adjudication Co-Location Activities Facility at Fort George G. Meade, Maryland, a BRAC project. In this position, Rishty will manage the performance and monitor the quality of specific subcontractors participating in the project.

Rishty is a recent graduate of the University of Maryland with a Bachelor of Science degree in Finance and International Business. During his four years in college, he started an early career by working both part and full-time as a project analyst for SMJ Partners, a commercial real estate development firm. While there, he performed market research, created proformas for all acquisitions and served as a project assistant at construction sites. His experience also includes brokerage analysis for commercial real estate.
