Freiberger Joins Skanska USA Building

Robin Freiberger has joined Skanska USA Building Inc. as a Senior Director of Business Development. In her role, Freiberger will be working to further develop Skanska's efforts as the leading provider of construction services in the healthcare industry.

"We are fortunate to have Robin join our team," said Skanska Senior Vice President, Steve Gressel. "Robin has a very strong background in healthcare construction which will enable us to further strengthen our client relationships and cultivate more work in the healthcare industry."

Freiberger brings 10 years of business development experience to Skanska. She received her bachelor's degree in psychology from the University of Central Florida. Freiberger currently serves on the board for Florida Hospital's Cancer Institute Foundation. Prior to joining Skanska she was the director of business development for Centex Construction's Healthcare Group.

Skanska USA Building Inc. is a leading national and local provider of construction, pre-construction consulting, general contracting and design-build services to a broad range of U.S. industries including life sciences, healthcare, education, high-tech, aviation, transportation and sports and entertainment. Skanska USA Building also provides pharmaceutical validation services to clients. The company, part of the Skanska AB global group of companies, is headquartered in Parsippany, New Jersey, and has approximately 4,100 employees.

Skanska is one of the world's leading construction groups with expertise in construction, development of commercial and residential projects and public-private partnerships. The Group currently has 54,000 employees in selected home markets in Europe, in the US and Latin America. Sales in 2005 totaled \$17 billion.
