### **Skanska signs additional contract for manufacturing facility in western USA for USD 121M, about SEK 1 billion**

Skanska has booked an additional order with an existing client for the construction of a manufacturing facility in western USA. The incremental expansion of the contract is worth USD 121M, about SEK 1 billion, which will be included in the US order bookings for the third quarter 2017.

Skanska previously announced bookings for the same project in the second quarter 2017.

Construction work is under way and will be completed during the fourth quarter 2018.

Skanska is one of the leading development and construction companies in USA, specialized in building construction, civil infrastructure and developing commercial properties in select U.S. markets. Skanska also offers services in public-private partnerships. Skanska USA had sales of SEK 59 billion in 2016 and had about 9,300 employees in its operations.
