Skanska Selected As Construction Manager For Brandon School District

Skanska USA Building Inc. announces it has been selected as construction manager for the Brandon School District building program in Ortonville, Michigan.

According to current Engineering News-Record rankings, Skanska is third in educational construction in the United States and is very active in the Michigan educational market.

The scope of work includes construction of a new 65,000-square-foot elementary school, renovations to nine existing buildings, additions at two existing buildings, and construction of a new high school activities complex.

Construction on the project will begin in August. The projects are scheduled for completion in winter of 2008.

Skanska USA Building Inc. is a leading national and local provider of construction, pre-construction consulting, general contracting and design-build services to a broad range of U.S. industries including life sciences, healthcare, education, high-tech, aviation, transportation and sports and entertainment. Skanska USA Building also provides pharmaceutical validation services to clients. The company, part of the Skanska AB global group of companies, is headquartered in Parsippany, New Jersey, and has approximately 4,100 employees.

Skanska is one of the world's leading construction groups with expertise in construction, development of commercial and residential projects and public-private partnerships. The Group currently has 54,000 employees in selected home markets in Europe, in the U.S. and Latin America. Sales in 2005 totaled \$17 billion.
