Andy Victors Promoted to Vice President

PARSIPPANY, N.J., November 2, 2007 – Skanska USA Building Inc.

announced today that Andy Victors has been promoted to Vice President of Pre-construction and he will continue to be based out of the Parsippany, New Jersey office. He has 20 years of experience in the construction industry, 13 of which have been with Skanska. Victors was previously a Director of Pre-construction.

He is a certified professional estimator and his experience includes chemical/industrial facilities, corporate/commercial, industrial and residential facilities ranging in value from less than \$1 million to \$650 million.

Victors received his B.S. degree in Architectural Technology from New York Institute of Technology. He is an active member of the American Society of Professional Estimators. Victors also is an instructor at Middlesex County College in Edison, New Jersey.

“With his knowledge and skills, his experience is invaluable to Skanska and the New Jersey office,” said Steven Arsht, Skanska’s Senior Vice President of Pre-construction.

Skanska USA Building Inc. is a leading national and local provider of construction, pre-construction consulting, general contracting and design-build services to a broad range of U.S. industries including life sciences, healthcare, education, high-tech, aviation, transportation and sports and entertainment. Skanska USA Building also provides pharmaceutical validation services to clients. The company, part of the Skanska AB global group of companies, is headquartered in Parsippany, New Jersey, and has approximately 3,800 employees.

Skanska is one of the world's leading construction groups with expertise in construction, development of commercial and residential projects and public-private partnerships. The Group currently has 56,000 employees in selected home markets in Europe, in the U.S. and Latin America. Headquartered in Stockholm, Sweden and listed on the Stockholm Stock Exchange, Skanska's sales in 2006 totaled \$17 billion.
