Skanska USA Taps Bill Lemley, Kelly Wallace

Building business unit adds two superintendents, bringing decades of site development and construction expertise

Rockville, Md. – Skanska USA announced today that its building business unit, which is a leading provider of construction management, preconstruction, and design-build services, has recently hired Bill Lemley as senior superintendent and Kelly Wallace as general superintendent in the company's Rockville office, serving clients in the Greater Washington, D.C., Baltimore and Northern Virginia areas.

In his new role at Skanska, Lemley will apply 32 years of industry experience that includes overseeing more than 30 projects in government, commercial, higher education, and K-12 sectors. He will be responsible for all onsite activities and will supervise, sequence, coordinate, and monitor all work for adherence to the project performance criteria. He will also manage the efforts of subcontractor field staff and promote and enforce jobsite safety, cleanliness and security.

Wallace's 22 years of industry experience includes providing senior level direction and supervision for the planning and execution of multimillion-dollar projects ranging from \$10 million to \$490 million for government and private-sector clients. He will be a member of the building team at the recently acquired parcel known as 10th and G located at 733 10th Street in Washington, D.C. 10th and G is self-financed by Skanska's commercial development business unit and work is underway.

"Bill and Kelly bring valuable experience to the Skanska team," said Chuck Brawley, executive vice president at Skanska's Rockville office. "Their extensive range of work experience and industry knowledge will add value to the Rockville office and will provide our clients with the highest quality of service."

Prior to joining Skanska, Lemley served as the senior field coordinator for Opus East. He currently resides in Sheperdstown, W. Va.

Wallace, who is a designated safety trained supervisor, previously served as vice president for Clark Construction, L.L.C. He received his Bachelor of Science in building construction from Texas A&M University. He currently resides in Poolesville, Md. with his wife Leslie and their two children, Ryan and Rebecca.
