### **Skanska signs power plant construction contract in Indiana, USA, worth USD 101 M, about SEK 650 M**

Skanska has signed a construction contract with an existing electric power client. The contract is worth USD 101 M, about SEK 650 M, in order bookings for Skanska USA Civil for the second quarter 2013.

Skanska Industrial contractors will perform structural and mechanical installation on an environmental compliance project. The contract includes structural steel, ductwork, piping and electric cabling. Skanska is currently completing the construction of a pedestrian tunnel on the same campus.

Work will commence in April 2013, with anticipated completion in July 2015.

Skanska USA is one of the leading development and construction companies in the country, consisting of four business units: Skanska USA Building, which specializes in building construction; Skanska USA Civil, specialized in civil infrastructure; Skanska Infrastructure Development, which develops public-private partnerships; and Skanska Commercial Development, which develops commercial projects in select U.S. markets. Headquartered in New York, Skanska USA has approximately 8,300 employees and its 2012 revenues were SEK 37.3 billion.
