### **Skanska builds hospital building in Turku, Finland, for EUR 41M, about SEK 430M**

**Skanska has signed a contract with The Hospital District of Southwest Finland to build a hospital building in Turku, Finland. The contract is worth EUR 41M, about SEK 430M, which will be included in the Nordic order bookings for the third quarter of 2022.**

The building consists of six storeys and an underground floor, totaling 22,023 gross square meters. The construction will be an addition to the Turku University Hospital Main Hospital area, and it will be used as a unit for psychiatric care.

Construction work is scheduled to start in August 2022 and the project will be completed during the third quarter of 2024.
