Skanska Hires Robert Skinner as Vice President of Operations

Kalamazoo, Mich. – Skanska USA's building business unit, a leading provider of construction management, preconstruction and design-build services, has hired Robert Skinner as a vice president for its Michigan operations.

In his new role at Skanska, Skinner will utilize his more than 25 years of experience in the construction industry to create new business opportunities across the Midwest. He will also be responsible for overseeing all Skanska health care construction projects in the region.

Skinner's construction experience has included working on a variety of health care projects, including replacement hospitals, surgical suites, radiology, children's programs, cardiovascular centers and other complex renovations. Major projects include the \$533 million C.S. Mott Children's Hospital at the University of Michigan, \$119 million Cardiovascular Center at the University of Michigan and the 1 million-square-foot Timmins District Hospital in Ontario, Canada.

Skinner is a graduate of the University Western Ontario University with a Bachelor of Arts degree.
