55 – 91 Knightsbridge Monthly Newsletter No. 4

Welcome to the fourth edition of Skanska's newsletter for the 55 – 91 Knightsbridge and 1 – 4 William Street project.

So, what happens next month?

During the next period we will be carrying out the following operations:-

- Dismantling of scaffolding to the rear of 81 – 89,
- Final structural investigations,
- Demolition/deconstruction of rear low level elements of buildings 81 – 89 Knightsbridge to the site entrance and processing area,
- Construction of both of our tower crane bases,
- Erection of Tower Crane 1,
- Demolition/deconstruction of 2 William Street to form site entrance,
- Demolition/deconstruction of rear low level elements of buildings 57 – 65 Knightsbridge Road,
- Underpinning of the foundations to rear of 4 William Street,
- Erection of Masons scaffold to the Knightsbridge elevation.

If you have any questions on the construction sequence, please feel free to email a member of the site team.

Joel Frorath, Health & Safety Manager
joel.frorath@skanska.co.uk

Skanska is an associate member of the Considerate Constructors Scheme. This scheme was introduced in response to the need for the construction industry to improve its image. Sites that register with the scheme sign up and are monitored against a Code of Considerate Practice, which is designed to encourage best practice beyond statutory requirements.

The Knightsbridge site will be registered with the scheme, which means we will run a safe, clean and environmentally friendly site that is respectful to you, our neighbours.
