Skanska's Portage Office Promotes Ferguson and Buskirk

PORTAGE, Mich. – Skanska USA Building Inc. announced today the promotion of Eric Ferguson to project executive and Dan Buskirk, LEED® AP, to senior project manager.

Ferguson has been with Skanska for nine years and his responsibilities as project executive include: being onsite full-time during the construction phase; supervising sequences; coordinating and monitoring all work; and managing day-to-day efforts of the subcontractor field staff. He also assumes a role in the preconstruction phase, providing input and direction in constructability reviews, logistics and safety planning.

He has experience working in various sectors including aviation, healthcare and university on projects such as Kellogg Community College's science building, music center and information technology center, as well as Detroit Metro Airport's Northwest Airlines' Midfield terminal and concourse facility. He will run the new terminal project at the Kalamazoo/Battle Creek International Airport.

Ferguson graduated from Western Michigan University with an associate's degree in business.

Buskirk has been with Skanska for five years and his responsibilities as senior project manager include overseeing major construction projects in the Kalamazoo area. He has experience working in the retail, casino, healthcare, K-12 and municipal sectors on projects, such as Lowe's Home Improvement retail stores, and the Gun Lake Casino in Wayland, Mich.

He earned a Bachelor of Science degree in construction management from Western Michigan University. He also earned a State of Michigan Builder's License, as well as LEED accreditation.
