Gouldin Joins Skanska as Vice President of Business Development

Skanska USA Building Inc. announces that J. Gregory Gouldin has been named vice president of business development. Gouldin will be based in the Rockville, Md. office responsible for managing the sales and marketing program for the area.

Gouldin has 21 years of experience in sales with a variety of companies including engineering, design-build, construction equipment and real estate firms. His most recent position was as the office leader and vice president for Affiliated Engineers in Rockville specializing in government, research and healthcare projects. Gouldin is active in several civic and professional organizations.

Skanska USA Building Inc. is a leading national and local provider of construction, pre-construction consulting, general contracting and design-build services to a broad range of U.S. industries including life sciences, healthcare, education, high-tech, aviation, transportation and sports and entertainment. Skanska USA Building also provides pharmaceutical validation services to clients. The company, part of the Skanska AB global group of companies, is headquartered in Parsippany, New Jersey, and has approximately 4,100 employees.

Skanska is one of the world's leading construction groups with expertise in construction, development of commercial and residential projects and public-private partnerships. Skanska is committed to finding innovative solutions by cooperating closely with customers and combining the company's international expertise with local presence. The Group currently has 54,000 employees in selected home markets in Europe, in the U.S. and Latin America. Sales in 2005 totaled \$17 billion.
